John G. Waite Associates, Architects celebrates 15 years as a nationally recognized leader in the preservation, restoration, and adaptive use of historic properties.

We remain steadfast in our commitment to respectfully investigate, preserve, and restore important buildings. We are proud of our role in helping to conserve many significant historic sites and structures ranging from the Baltimore Cathedral and Tweed Courthouse to Thomas Jefferson's University of Virginia, Hancock Shaker Village, and the New York State Capitol.

We extend our sincere thanks to our clients, friends, contractors, and consultants. We look forward to many successful collaborations in the years to come.
